

Synlogic to Present at the Chardan 3rd Annual Genetic Medicines Conference

September 30, 2019

CAMBRIDGE, Mass.--(BUSINESS WIRE)--Sep. 30, 2019-- [Synlogic, Inc.](#) (NASDAQ: SYBX) announced today that Aoife Brennan, M.B., B.Ch., Synlogic's president and chief executive officer, will provide a corporate update at the Chardan 3rd Annual Genetic Medicines Conference on Monday, October 7 at 4:15 pm ET, in New York City.

A live webcast of the presentation can be accessed under "[Event Calendar](#)" in the Investors & Media section of the Company's website. An archived copy of the webcast will be available on the Synlogic website for approximately 30 days after the event.

About Synlogic

Synlogic is pioneering the development of a novel class of living medicines, Synthetic Biotic medicines, based on its proprietary drug development platform. Synlogic leverages the tools and principles of synthetic biology to genetically engineer probiotic microbes to perform or deliver critical functions missing or damaged due to disease. The company's lead program, SYN1618, targets phenylketonuria (PKU). When delivered orally, Synthetic Biotic medicines can act from the gut to compensate for the dysfunctional metabolic pathway and have a systemic effect, with the potential to significantly improve symptoms of disease for affected patients. In addition, the company is leveraging the broad potential of its platform to create Synthetic Biotic medicines for the treatment of more common diseases, including inflammatory and immune disorders, and cancer. Synlogic is collaborating with AbbVie to develop Synthetic Biotic-based treatments for inflammatory bowel disease (IBD). For more information, please visit www.synlogictx.com.
